championfiberglass.com

Champion Fiberglass is also a manufacturer of the following products:

Champion Duct®

Strong, durable Champion Duct® conduit, fittings, duct bank, and bridge hangers deliver a range of benefits including ease of installation, fire and corrosion resistance, impact resistance, and more. Champion Duct® is used in a variety of applications including transportation, data centers, wastewater treatment and chemical plants.

Champion Bridge Drain™

Champion Bridge Drain™ is a fiberglass bridge drain system that includes a complete line of fittings, non-metallic accessories, and hangers. Champion Bridge Drain is a versatile, high-strength fiberglass bridge drainage system that can be used in highly corrosive drainage applications including bridges, theme parks, aquariums, pools and underground vaults.
